

CineTrance Journey for Spire

CineTrance Journey is a new Soundset made by Yahel Chabs for Reveal Sound SPIRE. A pure Cinematic inspiration with 85 Awesome Presets, using the 4 Macros, Modwheel, Pitchweel and Aftertouch. This is clearly a must-have for people in search of advanced, high quality sound design. Enjoy the Dark and Powerful Atmospheric Pads, The mighty Bass & Synths Sequences, but also some Magic Plucks & Synths made for your next cinematic music production. Don't miss our new soundset for Spire: CineTrance Journey.
