

Audentity Records is back with next generation Diablo House, the genre that became so popular in the last 12 months and we predict it will keep evolving in 2017 and beyond.

We broke the 7 FULL Contruction Kits as much down as we could, so you have all the flexibility you need. Melody Lines, Catchy Bassline, Powerful Vocal Chops, Fx, Drumloops: It's all in it.

We also included most of the Midis, Stems, Sidechained and non sidechained stems, Presets for Sylenth, Serum, Massive and Spire, one Shot wavs of Kicks, Hats and Claps and 10 Drumloops.

We spent a lot of time in the studio making orginal and fresh sounding kits, stems and samples to give you all the tools to make your next hit!

And as always: All Royalty Free!
