

'Essential Pop Moments Vol 1' from Baltic Audio is a must-have if you want to rock the upcoming Billboard Charts. It sets a new level of quality for Pop sample packs. Six Construction Kits are included and contain everything you'll need for your next banging hit.

'Essential Pop Moments Vol 1' contains real played and perfectly recorded guitars, basses, drums and synths.

Each of the six Construction Kits has perfectly recorded and mixed instruments and has its own sound in a very commercial, fresh and innovative way.

This versatile product will be your essential source for creating instant Pop hits with the sound of Dr. Luke, Katy Perry, Taylor Swift, Ariana Grande, Iggy Azalea, Maroon 5, One Republic, Charli XCX, Nicki Minaj and Rita Ora.

Each sound was created by experts with the newest production techniques and passion.

Even MIDI files for the majority of the musical phrases heard in most Kits are coming to you with this pack.

You can work very easily with the MIDI files combined with a sampler to trigger the key-tagged One-Shots, or just use your favourite synth/sampler and use our 100% Royalty-Free ideas to finally get your real Billboard hit ready.

'Essential Pop Moments Vol 1' comes with unlooped/tail WAV files allowing you to end a phrase with the decay of the reverb/delay applied to the loop, for sounding professional.

You'll even get DRY/WET versions with filter/sidechain/reverb for many WET files.
