

Orion Sounds extends its products range with this latest unique instalment, a dangerous sounding presets-pack inspired by the analog king of FM synthesizers, the unforgettable Yamaha DX7! Our sonic specialists meticulously crafted this futuristic arsenal full of modwheel assignment, to rock your EDM productions, especially when it comes about Future/Deep/Tech-House genres.

Loaded with earthshaking basses, screaming leads, analog sounding pads and chords, sexy plucks and abstract FX, this pack is really a must have! Just check the audio demo and judge for yourself.
