

Mainroom Warehouse are proud to bring you 'Immense Future Wobble House' featuring 5 x Construction Kits with 24-Bit Wavs & Midi Files for ultimate flexibility.

Inspired by all the Future Wobble House artists from around the world, giving you the best tools to create your next smash hit.

Advantages of midi is you can import in to your favourite DAW and assign your favourite VST Instrument and create your own sound, change the midi notes to create a different vibe or just to see how the midis are structured to how wobble house is created.
