Freak Music is proud to present the "Liquistep" - collection of liquid dubstep, chillstep and chillout sounds, perfect for your next production. These samples, loops, MIDI files and presets will be a perfect decoration in a track full of emotions. All that and much more can be found in this package, which is designed to reach as high as your productions. It is a brand new collection of emotional samples, sounds, pads, loops, Spire presets, matching drums and drum loops, perfectly selected textures and a lot of more content ready to build and boost your next production. Drop fresh new content directly into your projects or chop and splice for creative inspiration & ideas. Each folder comes with a variety of different sounds & song sections, with presets, MIDI constructions and WAV loops provided.

The additional Live 10 template shows how to create a professional track in the style of emotional music. You will be able to dissect the overall song structure. It includes a complete arrangement with effects, MIDI data, automation, samples and presets. Take apart and learn from the drum programming and processing. Learn to program the rhythm and beats like all the best. Even if you're not a user of Ableton Live, you will find all of the loops, samples, MIDI sequences, WAV patches and presets exported separately in the folder! We have included midi files for absolutely all melodic content giving the end producer 100% control to change tempo, velocity or key and also customize the loops to your own exact requirements.

Get that slick pro-sound straight out of the box and take your productions to the next level! All of the content is 100% royalty-free, so once purchased, you can use these sounds in your commercial releases without having to pay any hidden costs.

Please note: To access presets, you need up to date Reveal Sound's Spire.
