

'Shocking Future House For Spire' is the freshest soundset in the market. This time Vandalism brings you a preset pack inspired by today's most popular style. This ultimate bank is the most complete and innovative Spire soundset ever created and it contains unusual sounds such as deep and punchy basses, filthy and distorted leads, synthetic piano, organ and saxophone sounds, catchy synths and stunning plucks. If you want to get inspired or learn more about one of the best synthesizers - this soundset is crafted for you!

This soundset includes everything you need to create your highly professional Future House track. If you are inspired by Oliver Heldens, Tchami, ZHU, Mr Belt, Alex Metric and Robin Shulz sounds you should really check it out!

There's thousands of typical EDM oriented banks, but when it comes to original sounds, these are truly different, these are the future!
