Shocking Trance For Spire

'Shocking Trance For Spire' is the long-awaited Trance soundset, which brings you epic and the most thoughtfully crafted presets. Filled with top quality, this pack is guaranteed to improve your production for this genre. Inside you will find painstakingly designed ultra wide leads, hard and soft basses, lovely plucks, impressive pads and catchy arps. This bank is everything you need to shock your listeners!

This soundset is aimed at trance producers of all kinds, and is also a valuable bank for those who produce genres outside of it! This time we are giving you unusual Trance sounds to let you arm your Spire with freshness, power and impression!
