A Future House template featuring influences from artists such as Alok, D.O.D, Milk N Cooks, AutoErotique and more.

Tic Toc is influenced by the heaviness of Electro and Future House, but the complexity of Complextro and Glitch Hop making.

We also give you exclusive secrets behind the sounds, with production tips from the producer behind this pack.

This template is perfect for any producer looking to create or improve their chopping/sampling skills and music production skills.

The template contains top quality audio loops, one-shots, MIDI, Sylenth1 and Massive presets.

From this template, one can learn how to create those nasty growl basslines and top melodies, grooving drums, as well as several mixing & mastering and creative techniques.

This template is exactly what you need if you are looking to improve your electronic music productions.

Specification, depends on the purchase option:
