'Trance Melodies & Sounds Vol 1' brings you 40 key-labelled MIDI Files, 20 Sylenth1 presets and 20 Reveal Sound Spire presets.

All the sounds have been created by professional sound designers and are inspired by Trance artists such as Armin Van Buuren, Dash Berlin, Markus Schulz, Above and Beyond and many more.
Every single MIDI files is key-labelled and 100% Royalty-Free.
The presets for the Spire and Sylenth1 VSTi's are also useful for Progressive House or any other genre where you need big and wide lead or pluck sounds.
This pack should be definitely in your sample library and is a truly must have for all Trance producers who want that "State Of Trance" sound.
