

Ultra African Vocals 2 have stepped up to provide you, the music creators, with the ultimate addition to your productions: vocals that are tribal in nature but cover a wide range of genres. This is the extra something you need to elevate your instrumental House, Deep House or Techno track into a chart-topping release!

Product details:

This pack brings you vocals recorded in Shona language.

• 81 Vocals • 41 WET Vocals • 40 DRY Vocals • 100% Royalty-Free.
