

Audentity is proud to deliver a new box festival-ready audio loops, Construction Kits, MIDI loops, Synth Presets all together in 1 new super pack

This high quality Progressive House pack will fit easily into any EDM, Progressive or Electro track – with 7 killer Construction Kits – this is your chance to get one of the best progressive house packs ever created.

Everything is there: breakdown, climax and drop and contain all the audio, MIDI and synth presets that were used to create them.

Our production team has spent weeks in the studio to deliver production kits that match the best progressive and electro hit records out there at the moment.

They are all crafted to meet the demands of today's hit records with massive bass lines and synths, huge energetic driving melodies, big punchy drum loops and great drumfills, climax and FX sounds.

Listen to the demo and you hear we deliver the quality we are famous for ; instantly usable construction kits, midi and presets.
