

HighLife Samples 'Ableton Hype Progressive House' is a template project for Ableton Live 9. This project uses only three third party VSTi instruments: Lennar Digital Sylenth1, Reveal Spire and Native Instrument Massive. Includes the full arrangement with WAV files, MIDI files, instrument presets, mixing, track levelling, groups of Side Chain, Drums, Basslines and automation of each instrument.

'Ableton Hype Progressive House' is a 100% Royalty-Free template project. You can use this project as an educational and inspirational tool to learn how all the sounds can be fit together to create a full, solid sounding tune.

Also you can add re-arrange the template project and import your own MIDI melodies and make a brand new track ready to be released in the music market as a commercial track.

Buying this template project is an easy way to learn fast how to create a solid Hype Progressive House track.

Features:

- 1 Ableton Live Project file for PC & MAC
- All MIDI & Audio channels included
- Audio Samples Synth presets, MIDI Files, Mixing, Groups of Side Chain, Drums, Basslines & Melodies
