

Audentity Records proudly presents: Afro Magic & Hit Makers.

This pack is perfectly suitable for genres like Afrobeats, Pop, Soulful Rnb, Dancehall and Reggaeton.

Every sample in this pack is made with love and passion for music and has been carefully mixed and mastered.

Are you looking for that special guitar loop or piano loop or do you need some real Afrobeats vocals? Do you need that something extra which makes your beats or track stand out from the rest?

The instrumental power with the authentic vocal additions makes this pack perfect for that specific Afrobeats / Afro Pop vibe you are looking for.

Afrobeats is getting big and bigger nowadays, so if you feel you should jump in the train as well, don't hesitate to check the amazing and useful content in the pack.

As always: everything is royalty free, 24 bit / 44.1khz.

Note: additional instruments were used in the demo for demonstration purposes (drum samples and drumloops are not included in the pack)
