

Afro House Essentials Volume 2 is back with fresh processed and mastered drum loops and one shots, extracted from raw African percussion recordings, to bring House and Tech closer to your speakers all year round.

Volume 2, bring the same success like the first edition, for those that are looking for some fresh recorded African drums and tailor-made samples with a House vibe, then 'Afro House Essentials Vol 2' is perfect for you. These easy-to-use samples and drum loops are already processed to the highest quality so you can drag & drop them straight into your sampler and start having fun.

This pack is inspired by the sounds of Latmun, FISHER, Hot Since 82, Mihalís Safras, Michael Bibi, Kevin Knapp and more.

The Audio Bar is dedicated to allowing you to develop as producers so with 'Afro House Essentials Vol 2' we have included bonus construction-kits for you to start get ideas out of your head straight away, and let your creative process take you where you want.
