

20 Hot Melodies with TAR, one of hottest traditional & ethnic instruments ! These kinds of sounds are offered in many packs. But the most important point is that the stories are different. Creating specific scenarios with traditional instruments is always attractive. Those who are looking for unique stories can make the most of this pack. A complete, concise, and useful package! All packs include MIDI files and audio files. For a better understanding, each kit will be accompanied by a tar melody pad.

Notice: All samples and midi's & stems in this pack are 100% royalty free and you can use them in your project!

Genre: All Genres but specially for organic house, afro house, deep house, melodic techno, progressive house, ambient & chill, and downtempo style !
