

Bellatrix Audio -Allure.

64 Exclusive Presets For Spire Synthesizer.

We are pleased to present our new collection of presets – Allure!

This collection brings excellent sound filled with a unique palette to your tracks.

All presets are created so that you could instantly feel the rich filling of each sound and immediately apply it in your work.

Our presets fit perfectly into the mix and complement each other, revealing even more sound shades and unique tones.

Allure Collection – created by us with a soul and great attention.

During relaxation and meditation, you can improvise by playing the keyboard and get great experiences. Combining various presets, you can create your own unique sketches and shades, immerse yourself in new ideas, draw inspiration for future compositions.

Allure is well-designed and impressive presets that expand the boundaries and capabilities of Spire even more and make you love this synthesizer even more.
