Code Sounds is proud to present Alone – Dark Chill & Cinematic our latest sample library for Film, TV, Game Designers and Music Producers. An expansive deep and dark collection of eerie Cinematic Textures, Haunting Atmospheres, Lush Pads and Lo-Fi Downtempo Beats. A truly distinct sound set of tones and textures that capture the essence of being alone in a dark, mysterious space or unsettling environments, although even in the darkest places a glimmer of hope always remains and as the deep chord progressions and melodies linger and ultimately resolve, there is a subtle uplifting feeling that rises above!

Alone – Dark Chill & Cinematic is an essential tool for Ambient, Chill and Downtempo producers that are looking to create a unique cinematic mood in their music. With an inspiring Royalty-Free collection of Tempo and Key Labelled Atmospheres, Arp Loops, Pads, Basslines and Beat Loops with included stems, you can easily mix and match or re-pitch melodies and pads to create many unique song ideas and soundtracks!
