

Freak Music is proud to present the “Alpha” – collection of five chillout construction kits, perfect for your next chillout, chillstep, cloud, hip-hop and pop productions. This pack offers the greatest tools and source of inspiration you have been missing. From construction kits, melodies, drums, percussion, chords, pads, leads, plucks – to presets and MIDI files plus Spire soundbank with all presets included. Compatible with all DAWs and usable in more projects and genres than you can imagine. All of the kits are key and tempo labeled and delivered as 24-bit WAV files. Easily drag and drop these loops into your favorite DAW & start working on your next hit.

You’ll also find a set of MIDI files corresponding to every melodic part in the kit. Finally, all Reveal Sound’s Spire presets and WAV patches used to build these kits were included in each folder. It will absolutely cover your expectations and make every construction even more flexible and versatile. Everything included is 100% Royalty-Free, so you can use these sounds in your commercial compositions without having to pay any hidden costs.

Please note: To access presets, you need Reveal Sound’s Spire v1.14 or above.
