"Amazing Sylenth1" - Is something more than just Sylenth1 Soundbank. Each sound generates something completely different but they have one thing in common - Retro feelings. This pack was produced by Mike Ost.

80 retro stylized sound presets for Sylenth1 (Arp Bass, Pad, Synth) come together with 8 inspiration templates for Ableton, FL Studio & Cubase,. Every project using sounds from soundbanks so you can check the example use of it and inspire yourself.

If you don't find your DAW you can use 8 Construction Kits as well. Also, all MIDI files included in the pack. As, a bonus, you'll get 35 Samples (Drum Loops, FX, One-Shots)

let's summarize the content:

- 80 Presets for Sylenth1

- 8 Templates for Ableton, Cubase & FL Studio

- 8 Construction Kits

- 35 Samples

- 30 MIDI Files

- 875 mb of content

Every file is Key&BPM labeled
