

Freak Music proudly presents the "**Ambient Tones**" - collection of perfect ambient pads, textures, sounds, percussive hits, construction kits and a lot of more content. Inspired by Aphex Twin, Phaeleh, Hans Zimmer, this product is bringing you the freshest set of chilled electronica featuring rich ambient loops, foley sound effects, rain, storm, fire textures and warm downtempo beats. The sounds will feel right at home in ambient, chill, and soundtrack styles of production. All sounds are labelled with the correct key information for ease of use. Every single sound in this product is 100% royalty-free, so once purchased, you can use them in your commercial releases without having to pay any hidden costs. This toolkit is true essential for every producer who's looking for fresh and modern sounds!
