

Freak Music presents the newest collection - "Ambiente". This product offers a huge amount of sounds: MIDI Construction Kits, WAV Loops, Reveal Sound's Spire Presets, a bunch of drum one-shot samples and FXes. With all of these useful tools, you will be able to instantly create a beautiful music using insane melodies. To find your perfect chord progression, there is a mixdown demo for every individual construction. Simply find ready to drag and drop inspiration kits for your next ambient, chillstep, chillout or pop and R&B productions. Ten perfectly crafted MIDI construction kits with inspiring chord progressions will instantly give you a brilliant idea to make beautiful and uplifting music.

Every sound is delivered as 24-bit 44.1 kHz WAV format, there are also MIDI files and Reveal Sound's Spire presets to find a perfect sound. You will find pads, leads, plucks, keys, FXes and much, much more content included in one soundbank, one soundset, one package. We are giving you 100% Royalty-Free sounds, so you can use everything included in this product without having to pay any hidden costs. This is the perfect way to boost your inspiration or make your current track even better.

*Please Note: To use presets, you need Reveal Sound's Spire version 1.1 or above.*
