

ELEON presents Amethyst for Reveal's Spire Plugin.

135 stunning presets for Spire. Transwarp to the deep regions of time and space with rich, atmospheric pads to take your music to unwritten stories of our universe. Discover cinematic style drifts and drones that will bring you new inspiration to your projects. Explore dramatic dreamscapes for space music, ambient time travelers and star gazers. Kick it up with some grooves, with the added 48 drum and percussion hits too. Amethyst is jam packed with leads, basses and keys. And now ELEON introduces for the first time, Spire pad choir presets.
