

We have created 'Amnesia' a deep and dark template like your favourite Techno producers. Influenced by Adam Beyer, Enrico Sangiuliano, Richie Hawtin, Maceo Plex and more!

Using complex production techniques used by all your favourite Techno artists. This template has everything you need to hit the dance floor with those chilling techno vibes and get the crowd moving!

The template contains top quality audio loops, one-shots, MIDI, and the Sylenth1 presets. We also give you exclusive production tips behind the synth sounds, mixing techniques, and effects processing.

From this template, one can learn how to create those catchy basslines, grooving drums, as well as several mixing & mastering and arrangement techniques.

What is included in this template?

- MIDI Files and Presets (Sylenth1)
- 50 Audio Files
- 124 BPM
