

Inspired by the likes of EDX, Mike Williams, Madison Mars and Curbi – Anthemic Future House captures that big and epic festival sound!

This high energy sound library features 5 construction kits broken down to heavy-hitting drums, epic synth & lead sounds, lush and atmospheric pads, intense floor-filling bass loops, melodic arpeggios, pitched & processed vocal hooks, pre-drop fills, large collection of sweeping, falling and exploding FX sounds.

Anthemic Future House also includes MIDI files allowing you to mix and match our sounds with your favorite sounds just in a few seconds!

All loops are WAV format, tempo & key-labelled.
