

In Apollo Sound we are happy to present a nice & exotic sample pack called Arabic String Samples. As you can understand by the title it's a collection of Arabic & Mediterranean acoustic string instruments. It includes bouzouki, oud & classical guitar recorded in a professional studio.

You can expect to find inside 200+ Arabic string samples & loops, recorded in 120 BPM and 4/4 tempo that are ideal for most popular genres of modern dance music. The pack was created in various tonalities (keys). Arabic chord progressions with mysterious oriental moods will definitely help your tracks to sound different.

It fits perfectly the genres like Deep House, Bass House, Psy Trance, Techno, Trap, but also can be useful in any other genres production. Get inspired by this authentic Arabic samples collection and start making your Arabic-style bangers. Ma'a Salama!

Please note: this is a Strings Sample Pack only! The DEMO contains other sounds exclusively for illustration and they are not included in this sample pack.
