

“Atmospheric Guitars”

“*Atmospheric Guitars*” HEVA invites you to explore the magical world of the guitar, with emphasis on emotive and atmospheric soundscapes. This package features a mesmerising collection of truly atmospheric and emotive sounds which will inject that elusive magical ambience into your productions.

This beautiful package features a superb collection of masterfully crafted guitar melodies, riffs, drones and effects guaranteed to add poignant and heartfelt melancholic qualities to your music. While these sounds will appeal to producers of chillout / ambient and downtempo music, they are also perfect for layering into productions in any genre to add depth and ethereal qualities to your tracks and to provide gentle atmospheric interludes in breakdowns.

Every producer yearns to create the ultimate atmosphere in their productions, and “*Atmospheric Guitars*” is the perfect pack to enable you to achieve this.
