Ethnic EDM has a broad history. Also known as Ethnic Electronica, Ethnic EDM combines elements of Electronic and World Music. It was first crafted somewhere around the 1990s in the United Kingdom. Some notable producers of Ethnic Electronica are acts like Bryn Jones (Muslimgauze), Asian Dub Foundation, Joi, State of Bengal, Transglobal Underground, Natacha Atlas, Mozani Ramzan, Shpongle, Home Sweet Somewhere, Ott, Zavoloka, Linda George, Banco de Gaia, AeTopus, Zingiaia, Afro-Celt Sound System, and MANY more! All these producers crafted some of the most affective Ethnic EDM in their time, and some are still crafting to this day! If you want to be like them, you NEED to grab a copy of this pack!

Hearing the rumbling drums of Ethnic EDM is enough to get anyone pumped up. But follow that up with the amazing Melodies and FX and you have created art. EDM is an art form, no matter the genre, producer or the way it's made. Getting your hands on Big EDM – Ethnic EDM will make you like a painter, acting as your brush on the canvas that is your DAW.
