

Tech House Vocals sample pack are the perfect vocal samples for your Tech House productions. These samples will give your productions superior quality and the authentic sound that you need. The pack is royalty-free, meaning that you can use these samples in personal or commercial projects without any restrictions.

Coming on at just over 587MB of data and collecting a total of 187 samples, Tech House Vocals Samples is a great way to add some vocals to your next track.

Inside you will find 5 construction kits with WAV loops, Midi Files, Vocals, and Serum Presets. Each kit has labeled with key scale and BPM.

What's more, everything you get is Royalty Free! Buy once and use in any of your projects in as many combinations as you want. Compatible with all DAWs and suitable for genres such as House, G-House and more.

Please note: To run the presets you will need Spire version v1.5 and Sylenth1 v3.067 or higher.
