

Audentity Records proudly brings back the 4th installment of our popular Boom Bap Series.

Our team spent weeks in the studio to bring you one of our best Boom Bap packs to date: Boom Bap Hip Hop 4.

All the samples in the pack have been carefully crafted and mixed and ready to use in your productions.

You can expect some dusty characteristic drum loops, glorious electronic music loops, finalized key loops & atmospheres, some really impressive bass loops & warm saturated guitar & percussion loops.

Our team has used some new studio different techniques to obtain a more authentic soulful feeling in this pack.

As always Everything is royalty-free.

This Sample Library will work cooperatively in any Hip Hop, Lofi Hip Hop & other Downtempo genres.

In detail, you can expect 432mb of content with all audio at 24Bit & 44KHZ.
