

Big EDM is delivering bass that has girth and culturalistic personality in their latest pack Brazilian Bass Slam. While Brazilian Bass is a very under-rated genre head are turning and bodies are moving to this mix of techno, bass house, and minimalistic elements.

Inside you will find all that you need to keep your audience intrigued and continuously dancing. Our point of focus is to maintain a high energy bass line that is strong and powerful, yet not exhaustive. With that in mind, we are giving you the short thumpy stabs and smooth flowing bass sounds. To hit em hard with a powerful beat you'll find that our drums are impeccable. This pack isn't just beats, we've broken down every aspect of a track. This means we also deliver fills, transitions and percussive sounds that will accentuate one of our included drum loops or the beat that you give life to. And don't worry about your drop. You will be overly impressed as we have provided you with several options that will build tension and generate excitability.

If you want to be a master at this exquisite, groove saturated, bass-driven sound that is Brazilian Bass you can't produce with sounds that fall flat. Use what the pros use and pick up Brazilian Bass Slam from Big EDM.
