

Freak Music is proud to present the "Calmness" - collection of five outstanding chillstep/chillout construction kits, perfect for your next chilling, relaxing production. These kits also fit awesomely into pop, rnb, cloud, chilltrap and hip-hop genres. Just drag and drop perfectly crafted WAV loops. You can also chop and splice them to play on your mpc or keyboard. In addition to that, you will find all MIDI Files corresponding to every melodic part in the kit and all Reveal Sound's Spire, Keyzone Classic and Sonata Orchestra presets used to build these beautiful melodies. That means, you can recreate every melodic part to your own exact requirements. You can change the tempo without pitching effect and even change the key. Isn't that wonderful?

This product will become a real decoration of your collection and an excellent tool for creating modern and extraordinary sound in your music. All of the kits are key and tempo labeled and delivered as 24-bit WAV Files, MIDI Files and all synthesizer presets. Everything included will perfectly fill your upcoming productions. All of these sounds are royalty-free, so once purchased, you can use them in your commercial releases without having to pay any hidden costs. This is an excellent library to get inspired for your own productions!

Please note: To access presets, you need up to date Reveal Sound's Spire.
