

### **“Cartel Hall - Cinematic Downtempo”**

The “HEVA” presents its latest sample pack “*Cartel Hall - Cinematic Downtempo*”. This package features a superb collection of rich sounding atmospheric material which is sure to appeal to producers of downtempo and cinematic styles, and also producers of other styles wishing to inject something different and special into their compositions.

In this unique pack you can expect to find an array of mysterious and inspiring sounds including beautifully lush cinematic strings and pads, atmospheric textural drones as well as instrumental and vocal drones, sublime deep basses and sub basses, and also expertly crafted minimal drums to ensure you get maximum rhythmic impact. The pack also features instruments such as Cello, Violin and sublime keys combined with modern processing methods to create a heartfelt cinematic experience in your productions.

No matter what your production style, these amazing and beautifully crafted sounds can be layered into your productions to add genuine depth and sonic imagery into your work and raise your music to the next level.
