

Are you searching for fresh and inspiring sounds? Are you a producer of soundtracks, trailers and games? Then this soundset for Spire is the right one for you.

Daydreamz Studios presents “Cinematic Atmospheres”, a huge collection of excellent sounding Spire Presets. Dive in to a world of new mesmerizing cinematic sounds and atmospheres.

This soundset contains unique expertly crafted elements, soundscapes, synced bass step sequences, dark atmospheres and FX. Also included is a bunch of excellent programmed pads, plucked pads, basses and bells. The macro knobs and the modwheel invite you to modulate the sounds in many ways and opens a door to another sound dimension.
