

Cloudy Samples proudly presents the "**Cinematic Nostalgia**" - a premium sample pack featuring 50 breathtaking cinematic construction kits, designed to evoke deep emotions and create immersive soundscapes. Whether you're scoring a film, producing ambient music or even adding orchestral depth to your trap tracks, this enormous sample pack provides an inspiring toolkit for crafting evocative melodies, lush harmonies and powerful arrangements.

This collection seamlessly blends real instruments with rich, atmospheric synthesizers, striking the perfect balance between organic and electronic elements. Including WAV Loops, MIDI Files and Mixdowns, giving you the maximum flexibility to work on your new project. Elevate compositions with the warmth of live instruments and the modern touch of expertly designed synths.

**Features:**

- 50 Cinematic Construction Kits
- 248 WAV Loops
- 248 MIDI Files
- 50 Mixdown Examples
- 546 Files in Total
- 1.44 GB Unzipped Content
