

'Classic Eurodance' by Immense Sounds features seven outstanding full Construction Kits (WAV/MIDI/Serum Presets).

Eurodance is a vibrant genre of electronic dance music that emerged in the late 1980s and peaked in popularity during the 1990s. It blends elements of house, techno, and hi-NRG with danceable beats, catchy melodies, and an energetic vibe. Characterized by its upbeat tempo, typically around 140 BPM, Eurodance often features prominent synthesizers, strong basslines, and infectious hooks. Vocals in Eurodance tracks are usually a mix of female pop choruses and male rap verses, creating a dynamic and engaging sound. Originating primarily in Europe, this genre gained widespread acclaim with iconic acts like 2 Unlimited, Snap!, and Ace of Base. Its infectious rhythms and feel-good nature made it a staple in clubs and on the charts, influencing the broader EDM landscape. Eurodance's legacy endures, celebrated for its contribution to the evolution of electronic dance music.

This top-quality pack is inspired by all the top artists from around the world and will take you to the next level in your productions, you have everything here to create your next Eurodance hit with 24-bit WAV Stems featuring Wav Stems Arps, Bases, Chords, Gates, Pads, Strings, Reese, Leads, FX, Percussion and more, MIDI Files & Serum Presets for each kit, listen to the demo and be blown away by this top-quality pack.
