

Bingoshakerz presents their brand new Compact Series. First of the mini series – Digital Synthwave featuring 200Mb+ of retro-infused nostalgic chord and pad progressions, analogue bass loops and MIDI files!

Digital Synthwave is a small and compact but yet very effective sample pack for those who are in need for an authentic late 80s sounds. This sample pack is all about warmth analogue synths, lush pads , bright keys and moog-ish, arpeggiated bass sounds.

Every loop contains MIDI file for maximum programming ease and flexibility. Just fire up your favorite synth and layer the sounds together as you want to!

All of the loops are presented at 115 BPM and ready to be loaded into any DAW.

What's inside:

- 47 Bass Loops
- 42 Chord & Pad Loops
- 86 MIDI Files

All loops are WAV format, tempo & key-labelled.
