

Cyberpop 2087 vol.2

We present volume 2 of "Cyberpop 2087" by Seven Sounds, just as in its previous volume, this is an ultra-futuristic pack with the trending musical genres of the moment, such as Hyperpop, Synthwave and Hypertechno. In addition to new sounds and rhythms, it also has incredible vocals and musical environments, inspired by a Cyberpunk era of the future. This content is for you, so you can start creating new songs with a unique style. 100% royalty-free content.
