"Cybertron" Is a Cyberpunk sample pack focused more on the dark side of the Cyber world.
Powerful and dark basslines reflect the atmosphere of the dirty streets of the future very well.
Dirty and distorted drum loops leave no doubt as to what genre you are dealing with.
Of course, the package will include catchy melodies, special effects, and sem vocal shots.
Everything carefully designed to reflect the dark city of Cyberpunk.

Let's check what's inside:
27 - Drum Loops
84 - Drum Shots
16 - Fx
