

Our fresh construction kit is inspired by the pioneers of dub-techno music and the times when every new dub-techno release didn't sound identical to the previous ones, and the genre itself was more dancefloor-friendly.

But we didn't copy that sound, we just borrowed the idea.

Other than that, we tried to create the most modern and competitive sound. And we hope that you will like it.

Content:

5 x Tracks (construction kits);

63 x Stems (41 wet, 22 dry);
