

ELEON presents Dark Master Basses for Reveal's Spire Plugin.

100 stunning bass presets sounds for Spire. Straight out of the box you will find rich Trance, Club, House, Techno and EDM style basses with in your face plucks and stabs. At a closer look, you'll discover deep subs to cinematic style atmospheric beds that will bring you fresh and new inspiration. Dramatic bass scapes with time travel and transwarp drive FX capabilities for space music, to you waking up on a barren desert world. Plenty of soundtracks and dance bass presets in this library to take your music creativity to the next level.

- 100 Spire Presets.

100% Royalty Free.
