

Dark Techno is back again with a smashing new pack full of pounding kicks, Dark, Afterhours Drumloops and Synthloops, dark bass one shots, cutting edge synth loops and deep overdriven bass loops.

Produced by the same legendary team who made the previous Dark Techno packs, this time they made use of their analog equipment such as their Moog's, ARP 2600's, Analogue Solutions, PPG's.

The sounds were then processed by FX boards. Almost no computer plugins were used to make this brand new packs.

Inside this pack, you will find a huge amount of dark techno samples in different keys and tempi.
