

'Deep House Spire Bass Sounds & Melodies Vol 1' brings you 50 groovie 8 Bar bassline MIDI Files and 50 Spire VSTi bass presets. These bass melodies and bass presets are inspired by artists such as EDX, Duke Dumont, Gorgon City, Calippo, Throttle and many more.

The good thing about MIDI files is that you can change each note and make any of these melodies fitting your project. Essential Audio Media have also added a folder where you can find the presets and MIDI files they used in the audio demo.
