

Laniakea Sounds are proud to present “Downtempo Vibes” - A unique live recorded sample library that immerses you in a magic world of acoustic downtempo music with delicate organic music loops, intricately drum loops, floating guitars, natural ambiences and smooth keys.

«Downtempo Vibes» begins brand new series of Laniakea Sounds sample libraries. Created by talented Italian producer - Stefano Mastronardi, that sample pack brings to you a large range of soft organic music loops, which are inspiring from the first play and perfectly combined with punchy drum and crispy percussion loops, recorded with foley percussions in his studio. All music loops contains MIDI files to them, so you can change the melody as much as you want.

Be sure to pay a special attention to the soaring and breathtaking guitar melodies, which also live recorded with using a acoustic guitar. You will also come across 30 premium raw one shots, used for creating percussion and drum loops in the pack, which contain 10 foley percussions, 5 crispy hats, 5 kicks, 5 snares and 5 tops. Be sure, that the drums are can be dragged and dropped into any production and work in the mix perfectly.

Downtempo Vibes is totally a must have sample pack for someone who are looking for the outstanding collection which gives all tools what you need for producing your next Chillout, Downtempo, Ambient or Electronica hit!
