

'What About: EDM Anthems' is a gigantic pack by W. A. Production containing over 2 GB of content and more than 440 files. Inside this product you will find 10 ground-shaking Construction Kits (MIDI, presets provided) and more than 100 various drum and melody samples. Presets for Sylenth1, Spire and Massive are making this pack even more exclusive.

The W. A. Production team has just delivered another must have pack for all EDM producers. Featuring 10 Construction kits, 70 drum samples and loops, 10 exclusive melody loops, 34 presets and more.

These sounds were crafted from scratch and with the maximum precision and accessible power. This allows each producer to bring brand new sounds and tunes to the game and be known for the perfect sound. This pack is aimed squarely at all Electro, Progressive, Deep/Tech House, Future House, Trap, Trance and House producers.

Also included is a tutorial made by Redhead Roman with FL Studio session and samples provided.

All content is 100% Royalty-Free, and 100% usable. What About creating your own EDM anthem?
