

After a whole long year of wait, EDM MIDI Melodies is back with its 4th volume!

EDM producers gathered inside The Audio Bar HQ to develop a new pack of MIDI files for producers seeking instant inspiration while writing great melody lines for their future productions.

This pack brings 100 melodic and thrilling progressions to fill up your next EDM hit song.

All the files are key-labelled and packed with their corresponding drop leads and breakdown chords and solo melodies.

The pack is suitable for a variety of genres like Progressive House, Future Bass, Future House, and Big Room just to name a few.

So if you're influenced by guys like Hardwell, Mesto, Nicky Romero, Axwell, Martin Garrix, KSHMR, Curbi, Tiesto, Don Diablo and others, then these MIDI files will help you to write the perfect melody.

Also, we included some exclusive loops to get your music ideas smoother from bed to stage, with basses, plucks, FXs, claps, kicks, snares, and more!
