

Elegy

Soundclan Music presents a unique library «Elegy» of sounds for the Spire synthesizer.

We have prepared for you a bank consisting of 128 presets with soft atmospheric sounds, enveloping and dense, air pads, soundscapes, atmospheres, drones.

Each sound is unique and you can modify it and create and layer sounds however you like.

Created for both experimental styles of music and traditional styles of EDM, trance, techno, ambient, chill-out and downtempo, as well as for sound design and cinematic projects.
