

## Audentity - Essential FESTIVAL Kits

Are you looking for 1.48GB of the best quality most usable resources for the popular Festival Progressive, Electro and Future House sound of summer 2015?

Are you ready for your next big Beatport hit and you need a flexible producer pack with hundreds of audio files, midi files and presets -

Audentity gives you the newest and hottest Festival house-sound with a full blown pack consisting of 11 next generation producer kits, a bank with drumsounds, midi and presets for synths like Sylenth, Spire and Massive. This is one big pack for EDM, Progressive /Electro House & Future House producers who need the newest Festival sound at their fingertips.

Inspired by producers/dj's like: Martin Garrix, Tiesto, Axwell, Hardwell, W&W, Oliver Heldens, Tchami, Don Diablo, Claptone, Firebeats and more.

This is a very powerful pack and you can easily add the 117 audio files into any track, whilst the MIDI files allow you to arrange the sounds as you wish. Each melodic part is available as a MIDI file, so you are extremely flexible. We also added the used presets of the 11 kits. Each kit offers a club-ready full mix and all components broken out.

This is the sound which labels like Revealed, Spinnin, Hysteria, Axtone and Armada are looking for.
