

'Essential Pop Moments Bundle (Vols 1-3)' from baltic audio combines the first three packs of this best-selling series of amazing Pop Construction Kits recorded, mixed and mastered with the best gear by professional producers and guitarists. It sets a new level of quality for Pop sample packs. Eighteen Construction Kits are included and contain everything you'll need for your next banging hit.

'Essential Pop Moments Bundle (Vols 1-3)' contains real played and perfectly recorded guitars, basses, drums and synths with much time taken in the studio over the last few months and years.

Each of the eighteen Construction Kits has perfectly recorded and mixed instruments and has its own sound in a very commercial, fresh and innovative way.

Listen to the demo with the eighteen Construction Kits and feel free to download the free pack of this release which contains one full Construction Kit for getting the real overview of how detailed 'Essential Pop Moments Bundle (Vols 1-3)' is.

This versatile product will be your essential source for creating instant Pop hits with the sound of The Chainsmokers, Sia, Justin Bieber, Zedd, Katy Perry, Taylor Swift, Ariana Grande, Shawn Mendes, The Weeknd, Selena Gomez, James Arthur, Kendrick Lamar and Ellie Goulding.

You can also use it for genres like Future Bass, Tropical House, Deep House, Hip Hop, Trap and RnB.

Each sound was created by experts with the newest production techniques and passion and also perfectly mixed and with pristine 24-Bit Quality.

Even MIDI files for the majority of the musical phrases and drums heard in most Kits are coming to you with this pack.

You can work very easily with the MIDI files combined with a sampler to trigger the key tagged one-shots, or just use your favourite synth/sampler and use the 100% Royalty-Free ideas to finally get your real Billboard hit ready.

'Essential Pop Moments Bundle (Vols 1-3)' comes with unlooped/tail WAV files allowing you to end a phrase with the decay of the reverb/delay applied to the loop to sound professional.

You'll even get dry and wet versions with filter/sidechain/reverb for many files and for the guitars you'll find amped & dry versions for re-amping for the most important guitars.
