

JKSOUND is pleased to release 'Eurodance Flashback Vol.1' featuring 5 construction kits covering a wide spectrum of Eurodance / Happy Hardcore 90's sounds spanning from the 90s – 98.

In this pack, you will find authentic Yamaha TX16W sampler and Korg M1 sounds such as piano loops, strings and bells, 22 presets for Spire synthesizer, WAV and Midi data associated with the audio demo.

This classic Eurodance / Happy Hardcore 90's 5 construction kit set brings nostalgia back to the current day with summer party feelings.

'Eurodance Flashback Vol.1' contains everything you need to make the nostalgic classic happy hardcore, including 22 presets for Reveal Sound Spire and WAV and Midi data associated with the audio demo.

Inspired by 90's Eurodance artists such as Scooter, Culture Beat, E-rotic, Dune, Dj Bobo, 2 Brothers on the 4th floor, Haddaway, Capella, 2 Unlimited, Charly Lownoise and Mental Theo, Blumchen, Ice MC, Masterboy and more.
